ALLEN ADDRESS REPORTS

DUE NEXT MONTH

C. C. Doughty, District Director of the Immigration and Naturalization Service, stated that the annual alien address report program usually causes a sharp rise in the number of applications for naturalization.

The law requires all aliens in the United States, with few exceptions, to report their address each January. Throughout the United States, almost 30 percent more applications for naturalization are received during the months of January, February, and March than are received during other months. Mr. Doughty attributes this sudden rise to the Alien Address Report Program.

Aliens not required to make this report are diplomats, those accredited to certain international organizations, and those who have entered temporarily as agricultural laborers.

Dear Editor:

In 1837 the state of Maine accepted \$866,832.26 from the federal government as its share of 600,000 surplus revenue parcels to 24 states, to be returned at unspecified date.

The Maine Legislature passed three bills relating to the money provided for distribution of the funds among the towns plantations according to population but they were required to fund the money within 60 days after notice. The town of Bethel promptly voted at a meeting to divide the money among the inhabitants. But officials who received the money refused to apportion it. A W. Hooper of Bethel brought suit against them for his share. However, the Maine Supreme Court ruled such distribution illegal. The court said that the money could be used only for those purposes.

tax money was used for. Many persons must have been dissatisfied with the court decision for in 1938 the Legislature passed another act permitting the towns to distribute the money per capita according to the 1937 census that is, equally to all persons in the towns. One of the provisions of this act released the towns from all obligation to return the money. Legislation is now pending before the House Ways and Means Committee in Washington that may require the 24 states to repay the money I am a free-lance writer preparing an article for a national magazine that will trace the history of the federal loan. Warn Disabled Workers
Of Possible Benefit Loss

Severely disabled workers 50 to 65 years of age who could qualify for the new social security disability benefits will lose some of their monthly payments if they do not apply to their social security district offices before January 1, 1958, according to John M. Beale, Lexington district manager, Social Security Administration. Recent interviews in the Lexington office indicate that a number of disabled workers still haven't learned of their rights in this respect.

Qualified workers who make application for disability insurance benefits before the end of December of this year can be paid benefits back as far as the month of July, Beale said. After December 1957, no back benefits can be paid.

To be eligible for social security disability benefits between 50 and 65 years of age a worker must have a disability so severe that he cannot do substantial gainful work. In addition he must have social security earnings credit for at least 5 out of the 10 years before he became disabled, and for at least a year and a half out of the 5 years just before his disability began.

For those who meet the requirements disability benefits can begin with the 5th month of disability but no earlier than July 1957, the first month for which the new benefits become payable. However, payments to disabled persons who apply for these benefits after December 31 of this year may begin no earlier than the month in which their applications are received, no matter how long they have been disabled.

THE LEXINGTON DISTRICT OFFICE, Social Security Administration, is at 95 Park Street. If the worker is unable to act for himself, any relative or friend may take action for him.

DEADLINE NEARS FOR APPLICATIONS FOR FORESTRY CONTEST

Maine woodlot owners have only until December 31 to apply for cash prizes totaling \$260 for excellence in forestry work in young timber stands. The Jordan Forestry Prizes will be awarded at the end of 30 years in 1966. Cash prizes consist of \$125 for first, \$75 for second, and \$50 for third. Wooded areas of at least 10 acres in one regular piece are eligible. Trees must not be more than 30 feet tall or 30 years old at the time of judging. Good forest management to encourage rapid growth of desirable species is essential. Interested woodlot owners should file applications with State Forest Commissioner Albert D. Nutting, Maine Forest Service, Augusta, by December 31. County agents of the Maine Extension Service have copies of the Jordan Forestry Contest rules and will assist in getting forestry advice for land owners.

OFFICIAL MAINE DEER KILL THIRD HIGHEST ON RECORD

Commissioner Roland H. Cobb has announced that the official deer kill for the 1957 season totaled 40,142. This is the third time in the history of Maine hunting that the deer kill has exceeded the 40,000 mark.

The 1957 season started out with a higher than usual deer registration in most sections. This prompted predictions from fish and game workers and sportsmen that a record could be in the making and it is generally agreed that poor late season hunting conditions and

Under both the regular and the "bid" programs, farmers who decide to put their farms in the Soil Bank should do so with the full understanding that it is to remain the Soil Bank for the duration of the contract period, and that during this period there can be no harvesting of crops or hay from the land and no grazing permitted on it.

Under the trial "bid" program, the same cost-sharing payments will be made for putting Conservation Reserve land into soil, forestry or wildlife conservation uses.

However, the annual payments would be made at the rate "bid" by the farmer, provided the offer is accepted by USDA.

Chairman Chapman emphasized that under the new program "bids" would be considered only on all eligible cropland on a farm, put in the Conservation Reserve for either 5 or 10 years. He said that maximum annual payments, limited to \$5,000 under the regular Conservation Reserve program, will be increased to \$10,000 under the "bid" procedure to enable larger farms to participate. If any of the eligible land on a farm put in the program under "bid" is to be planted to forest trees, the contract must be for a 10 year period.

Farmers who already have part of their farm in the Conservation Reserve may "bid" to put the remainder of eligible cropland in the program.

Because they will be putting all eligible cropland on their farms in the Conservation Reserve, farmers who use the "bid" program will not

have to wait for a Soil Bank base to be set for their farms. For this reason, Chairman Chapman urged all interested farmers to submit their "bids" early, about the first of the year, when the county office will be ready to receive them and will have details of the program and procedure.

HOW TO DRIVE

A tip from the AAA's driving guide for adults.

KEEP PACE WITH TRAFFIC

According to the American Automobile Association's motoring book for adults, HOW TO DRIVE, the best drivers keep pace with the traffic around them. If you drive faster or slower than the general flow of traffic, you create hazards, especially by increasing the amount of passing you do or the number of times you must be passed by other cars. Small drivers are almost as bad as speeders. They may not be involved in as many accidents themselves, but their disregard of the rights of other highway users causes some people to take foolish chances. For maximum safety, keep pace with the general traffic.

COUNTY ATTORNEY TO SEEK RE-NOMINATION

David R. Hastings of Fryburg has announced that he will seek re-nomination on the Republican ticket to office of County Attorney for Oxford County, in which capacity he is now serving his first term.

Hastings is a life-time resident of Fryburg and has practiced law there in partnership with his father under the name of Hastings & Son for the past nine years. This firm has the distinction of being one of the oldest family law partnerships in the state, continuously serving Oxford County for nearly the past 100 years. Hastings is a graduate of Fryburg Academy, Bowdoin College, and Harvard Law School, and is active in many local organizations. He is a member of the Fryburg-Lowell Kiwanis Club, Post President and member of the Fryburg Chapter of Commerce, member of the First Congregational Church of Fryburg, president of the Fryburg-Lowell Kiwanis Club, A F & A M, and member of several other Masonic orders. He served for three years as secretary of West Oxford Agricultural Society, more widely known as "Fryburg Fair."

Mr. Hastings is also a member of the Frank W. Shaw Post # 127, American Legion being a veteran of World War II. He entered the service as a Private in 1918, and was separated from the service at the end of the war, after having attained the rank of Second Lieutenant in the Army Air Corps, where he served as a navigator and radio operator.

Mr. Hastings is married, his family consisting of two step-sons, Robert A. Hastings, now a millwright at the United States Lumber Company, and John A. Hastings, a student at Fryburg Academy, and his two children, David R. Hastings, Jr., and Amy W. Hastings, both in high school.

LEGISLATURE A CHALLENGE LINE

A challenge line was set on the day of the annual meeting of the 124th Annual Fish and Game Association, which was held at the Town Hall in Lookle Mills on December 23.

The meeting was called to order by President Arthur Gilbert and was presided by a post-humous speaker. The secretary's report was read and approved. The treasurer reported no change in his account since last month. Herman Bennett reported on the State meeting. Arthur Bennett explained the proposed bill for the hunting for hares. The club voted unanimously to oppose any legislation on hunting of hares at this special term of the Legislature.
